

Reference: BLCAT03
EAN13: 8057730898331

Wooden lamp holder for string light cable and Filé system. Made in Italy
Finish: Black

Description

Designed to create unique wall or ceiling decorations, Filé is Creative-Cables' system for expertly handling string light cables.

Match the wooden lamp holder with other products from the Filé system: a wall fairlead, a canopy and a terminal block. All components are Italian made.

Choose the finish that best suits your needs: the black and white coatings will allow you to create a minimal look, while the natural version will be perfect for more Scandinavian inspirations.

The kit includes a wooden lamp holder of 50 mm diameter, an E27 black thermoplastic lamp holder and two dowels with screws for wall or ceiling fastening.
