

Reference: PASLCAT03
EAN13: 8057730898379

Wooden wall fairlead for string light cable and Filé system. Made in Italy
Finish: Black

Description

Designed to create unique wall or ceiling decorations, Filé is Creative-Cables' system for expertly handling string light cables.

Match the wooden wall fairlead with other products from the Filé system: a canopy, a lamp holder and a terminal block. All components are Italian made.

Choose the finish that best suits your needs: the black and white coatings will allow you to create a minimal look, while the natural version will be perfect for more Scandinavian inspirations.

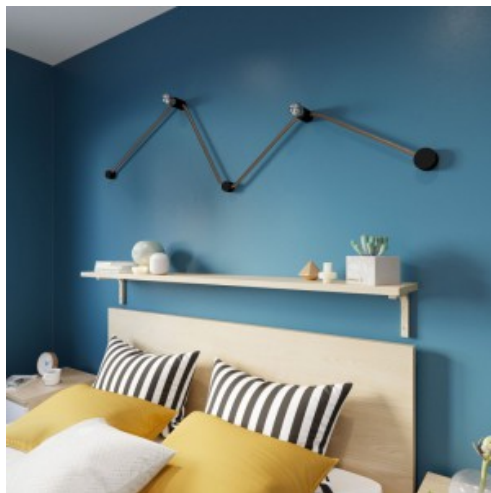

The kit includes a wooden rose diameter 50 mm and a dowel with screw for ceiling or wall fastening.

Data Sheet
