Zinc-plated metal threaded cable terminal for M10 thread Creative-Tube,
accessories included

Description

Creative-Tubes is Creative-Cables system of fabric-covered, extremely flexible and colourful conduits, perfect for creating unique visible electrical installations.

The metal terminal is a basic accessory for connecting the 20 mm Creative-Tubes to our metal ceiling roses.

Made of metal with a chrome-plated finish, the terminal includes screw clamps, nut, washer and a M10 threaded tube.
