LED Golden Light Bulb Carbon Line Curved Spiral Filament Globe G95 4W 250Lm E27 1800K Dimmable - C06

Description

Shimmering elegantly on a chandelier, or gleaming as a table lamp on your desk? These globe light bulbs go perfectly with any space, from classic to contemporary. The C06 also flaunts a patented new generation filament - the thinnest on the market - with a distinct spiral shape, much like the one found in traditional light bulbs.

Dimmable, with long lasting, ample light emission (15.000 hours for 20.000 on/off cycles). This light bulb was made from gold-coloured glass which radiates a soft, intimate amber lighting; the perfect addition for a relaxing, comfortable atmosphere.

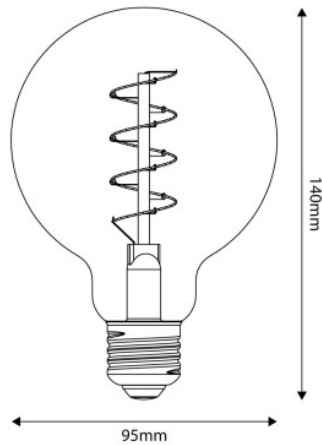

Bebulbs, a brand that's always pushing the boundaries of design for charming, great-quality LED light bulbs, now presents the Carbon Line: a modern retake of the traditional incandescent light bulbs.

Data Sheet

Light bulb type: LED
