LED Golden Light Bulb Carbon Line Curved Spiral Filament Globe G125 4W 250Lm E27 1800K Dimmable - C07

Description

The C07 light bulb, with a spherical shape and a 125mm diameter, is perfect for those looking for an efficient designer light bulb to use both on its own or in different combinations. Its patented new generation filament - the thinnest on the market - has a distinct spiral shape, much like the one found in traditional light bulbs.

Dimmable, with long lasting, ample light emission (15.000 hours for 20.000 on/off cycles). This light bulb was made from gold-coloured glass which radiates a soft, intimate amber lighting; the perfect addition for a relaxing, comfortable atmosphere.

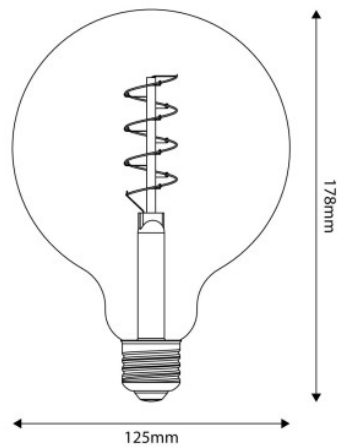

Bebulbs, a brand that's always pushing the boundaries of design for charming, great-quality LED light bulbs, now presents the Carbon Line: a modern retake of the traditional incandescent light bulbs.

Data Sheet

Light bulb type: LED
 Shape: Globe
 Fitting: E27
 Diameter: 125 mm
 Length: 178 mm
 Volt: 220/240V
