LED Golden Light Bulb Carbon Line Filament Cage Globe G125 7W 640Lm E27 2700K Dimmable - C56

Description

The C56 light bulb, with a spherical shape and a 125mm diameter, is perfect for those looking for an efficient designer light bulb to use both on its own or in different combinations.

Patented and with vertical disposition, the filament inside the bulb flaunts modern technology and extreme efficiency, making it almost impossible to set apart from traditional ones.

Dimmable, with long lasting, ample light emission (15.000 hours for 20.000 on/off cycles). This light bulb radiates a warm, relaxing lighting which perfectly recreates the one seen in antique incandescent light bulbs. The 2700K colour temperature creates a cosy, bright atmosphere for a clear view of your surroundings.

Bebulbs, a brand that's always pushing the boundaries of design for charming, great-quality LED light bulbs, now presents the Carbon Line: a modern retake of the traditional incandescent light bulbs.

Data Sheet

Light bulb type: LED

Shape: Globe

Fitting: E27

Diameter: 125 mm

Length: 178 mm

Volt: 220/240V
