LED Light Bulb Half Sphere silver 5V Collection Short filament Globe G125 1,3W 110Lm E27 2500K Dimmable - B05

Description

Spherical shape and metallic tones for the B05 light bulb, which solely runs through 5V power..

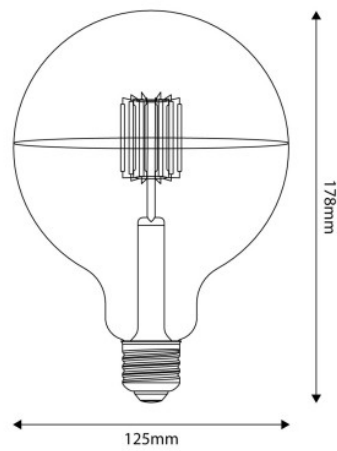

The B05 light bulb boasts impressive durability (15.000 hours for 20.000 on/off cycles) and a larger diameter compared to the classic globe light bulbs, for a striking visual impact. The clear glass with silver dome creates fun light effect and radiates a dreamy, evanescent lighting for a relaxed and intimate atmosphere.

Bebulbs, a brand that's always pushing the boundaries of design for charming, great-quality LED light bulbs, offers a modern retake of the traditional incandescent light bulbs.
