LED Clear Light Bulb Ghost Line Recessed Cone 6W 500Lm E27 2200K Dimmable - G01

Description

A light bulb with a striking visual impact, designed not only to provide illumination but also to enhance your surroundings through its inverted cone shape and the radiating light patterns.

What makes this light bulb unique?

Far from being a simple light bulb, the G01 is a true design accessory that both enriches and illuminates (500 Lm) any setting. The G01 boasts a 2200K lighting, which emulates candlelight. And thanks to the hidden filament on the edge, the light bulb almost seems to float; the perfect addition to any room.

Where and in what way can this light bulb be used?

Cone shape and clear glass: the G01 is designed to be used either on its own or in a series paired with a ceiling lamp or chandelier. Ranging from cafés to shops or restaurants, as well as living rooms and bedrooms, this light bulb brings a charming retro atmosphere and elegant sophistication..

Which fitting does the G01 light bulb have?

The G01 light bulb boasts an E27/recessed fitting discreetly hidden within the glass, creating a stunning decorative impact."

Is this light bulb dimmable?

The G01 light bulb is dimmable, which allows you to modify lighting intensity based on your needs and on the setting.

Which technology does the G01 light bulb employ?

The G01 bulb employs LED technology, guaranteeing remarkable energy efficiency compared to traditional incandescent light bulbs. Moreover it offers a product lifespan of over 20,000 hours, and the high Colour Rendering Index (CRI) of 90 ensures crisp and vivid lighting, allowing you to set the ideal atmosphere in any space.
