LED Clear Light Bulb Ghost Line Recessed Donut 195x83 6W 500Lm E27 2200K Dimmable - G02

Description

If you're aiming for elegant, high-impact illumination then the G02 light bulb is the perfect choice. Thanks to its distinctive inverted ring shape and the light patterns it radiates, this bulb becomes a design piece that adds personality to any space.

Distinctive elements for this light bulb

The G02 goes beyond the simple functions of a light source: a stunning design accessory that enriches your surroundings with its light (500 Lm). Thanks to the thin filament placed along the edge, this light bulb is ideal for illuminating a table or adding personality to a corner of any room. The light it emits is warm and reminiscent of candlelight (2200K), providing enveloping and evanescent illumination.

Where can you make the most of this light bulb and how?

Featuring a ring shape and a clear glass coating, the G02 is perfect both when used individually or in a series to create minimal and elegant ceiling lamps or as a centerpiece for wall lamps. In any environment, from domestic to commercial

settings, such as bars, shops, and restaurants.

Which fitting does the G02 light bulb have?

This light bulb features a hidden E27/recessed fitting within its glass structure, for a fun decorative flair."

Is the brightness of the G02 light bulb adjustable?

Yes the G13 light bulb is dimmable, allowing you to adjust brightness levels to your liking, whether for specific events or a particular ambiance.

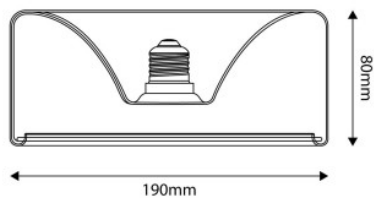

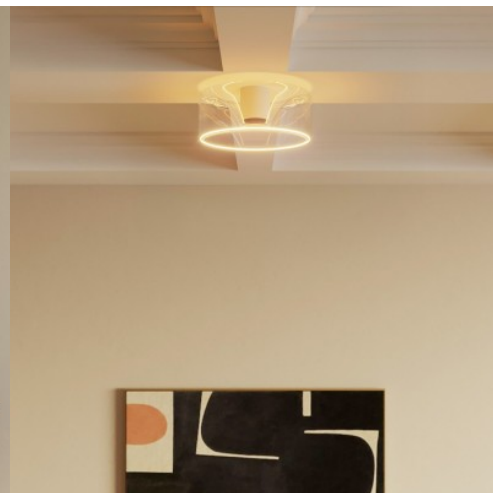

Which technology does the G02 light bulb use?

Using LED technology, the G02 light bulb provides significant energy efficiency when compared to traditional incandescent bulbs. Additionally, it offers an extended product lifespan of over 20,000 hours and the light bulb's high Colour Rendering Index (CRI) of 90 guarantees clear and vibrant lighting, allowing you to set the tone in any setting.
