LED Smoky Light Bulb Ghost Line Recessed Donut 195x83 6W 380Lm E27 1900K Dimmable - G12

Description

Unique and ethereal: discover the G12 light bulb, a true design piece set apart by its distinctive inverted ring shape and evocative lighting. All enclosed in an elegant smoky glass.

What makes this light bulb so unique?

The G12 is so much more than a simple light bulb: it illuminates every corner (380Lm) with flair and elegance. The LED filament along the border radiates a seamless light perfect for any part of your home, from the bedroom to the kitchen to the study. The warm lighting (1900K) emulates candlelight.

Where can you make the most of this light bulb and how?

Ring-shaped design and smoky glass: the G12 light bulb is perfectly suited for both individual use and in series, such as in hallway sconces or chandeliers. This light bulb creates an ethereal atmosphere and adds refined elegance to any space, be it residential or commercial.

Which kind of fitting does the G12 light bulb use?

This light bulb features an E27/recessed fitting, which concealed within the glass makes for a gorgeous decorative effect.

Can you regulate the light intensity of the G12 light bulb?

Absolutely. The G12 light bulb can be dimmed, giving you the freedom to control the light intensity to match the occasion and mood.

What is the technology behind the G12 light bulb?

LED technology, which provides significant energy savings compared to traditional incandescent bulbs. Furthermore, the light bulb boasts a lifespan exceeding 20,000 hours, and ensures crisp illumination thanks to its Colour Rendering Index (CRI) of 90.
