Kit Mini metal cylindrical rose with 1 central hole and 2 lateral holes

Cable clamp: Cylindrical

Finish: Matt White

Description

The mini metal ceiling rose kit with 1 central hole and 2 side holes is used to assemble a wall or ceiling lamp equipped with a variable number of light sources: from 1 to 3.

This component is perfect for you if:

- you want to create a single suspension lamp, that is a lamp that features a single lightbulb (the lateral holes, if unused, can be sealed by small caps included in the packaging)
- you also need some lamp connector cables (1 or 2) to enrich your lighting installation in addition to your single suspension lamp.

This metal rose is available in 5 different finishes.
