Filé System Linear Kit - with 5m string light cable and 7 indoor wooden components

Cable colour: CN06

Description

Designed to create unique wall or ceiling decorations, Filé is Creative-Cables' system for expertly handling string light cables.

The Linear kit has been designed to help you re-create this simple design. All components are Italian made.

Paint, varnish or leave the natural wood to suit your needs and creative projects.

The kit includes:

- 5 m of string light cable of your chosen colour
- 1 x canopy in natural wood for string light cables
- 3 x lamp holder in natural wood for string lights cables
- 2 x wall fairlead in natural wood for string light cables
- 1 x terminal block in natural wood for string light cables

WARNING: light bulbs are NOT included. This Product is supplied in kit form and requires assembly.
