Fermaluce with mini Ellepì 'Maioliche' flat lampshade

Light bulb: With bulb

Finish: Majolica Blue

Smart Home: Matter ON/OFF

Description

Every lamp is unique. With some it's love at first sight: they fill you with peace and your room with harmony. The Maioliche Fermaluce with mini Ellepì Flat Lampshade is timeless, a blast from the past with a new, fresh touch.

A rose, a lamp holder, a lightbulb with metallic finish; what else? This elegant wall lamp is the perfect combination between urban and mediterranean thanks to its refined majolica-inspired pattern designed by Creative-Cables.

Made in Italy, the mini Ellepì flat lampshade is made from the incomparable Dibond®, a light yet sturdy material.

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will be powered again and resume normal operation.
