Fermaluce Metal adjustable spotlight, metal wall light with Tub-E14

Finish: White

Light bulb: Without bulb

Smart Home: No

## Description

The Metal Fermaluce created with Tub-E14 is a simple and effective spotlight if you want a wall light that can be easily adjusted in whichever direction you wish.

In fact, this E14 Fermaluce lampshade may be tilted up to 90° and rotated by 315°, allowing you to point the light wherever you prefer, in broad areas of your home or over specific details.

Choose between the available finishes in order to best match the style of your interior. The lamp can be purchased without a light bulb or with a LED E14 A45 light bulb as an accessory.

## Data Sheet

Wall Lamp consists of :

- 120mm Ø metal rose
- Metal pivot junction
- Threaded double ferrule thermoplastic lamp holder
- Tub-E14 metal pipe 60mm Ø lampshade

Fitting E14 Max 10W

CE Certified

Light Bulb [BB-A06]: LED, R50, E14, 50 mm, 87 mm, 220/240V, 4W, E, 2700 K, 470 Lm Dimmable

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will be powered again and resume normal operation.
