Wall mounting universal fairlead for large section fabric cables 3x1 e 3x1,5
and for EIVA system - 2 pieces

Finish: Transparent

Description

Pack of 2 universal fairleads, vital accessories when it comes to attaching fabric cables to walls or ceilings.

Thanks to these sectional cable clamps, you will be able to create different routes even in your more powerful electrical wirings, or in off track installations where 3x1 and 3x1,5 cables are needed.

Pick out the finishing that best suits your spaces and let your imagination run free with fun and creative projects, for your balconies and gardens too! These cable clamps are ideal for your outdoor spaces thanks to their compatibility with the EIVA system, which was designed for outdoor use.
