90° thermoplastic wall or ceiling lamp holder

Finish: White

Description

The 90° thermoplastic lamp holder with E27 socket is the simple, economical and functional solution for creating a wall or ceiling lamp without sacrificing style.

This straight lamp holder is perfect for creating a simple wall or ceiling light point in various rooms in the home, such as a small hallway or entrance hall.

Choose the finish that best matches your interiors. Thanks to the E27 socket, you can decide which bulb to match from our wide range of E27 decorative LED bulbs.
