Flat Textile Cable Black Glossy Charcoal - PM04

Description

Ideal for illuminating any room with refinement, this cable with a glossy black fabric cover is distinguished by its minimalist and elegant look. Thanks to its flat structure, it has always been the most widely used for table and floor lamps, while the black fabric covering is ideal for adding character to any lighting design. Designed for those who do not want to compromise on practicality without compromising on aesthetics, it is the perfect solution for sophisticated and timeless lighting.

The flat section provides a stable base for the switch or dimmer, preventing it from rotating or tipping during use.
