Ceramic E27 lamp holder kit

Finish: Blue

Description

A ceramic E27 lamp holder kit is used to assemble a wall, table or ceiling lamp. Ceramic, whose mixture is mainly made of clay, is a noble material that requires long processing and slow firing: due to its precious origins it suits homes and environments with a classic and refined style.

This ceramic E27 lamp holder kit is definitely right for you if:

- you are in love with solid and vibrant colours
- you appreciate handcrafted and made in Italy products
- you want to paint your lamp holder as you like (please choose the "bisquit" finish)

To configure and complement your ceramic E27 lamp holder kit:

- use the menus to define the features
- watch the tutorial and learn how to mount the lamp holder
- complete your lighting installation with Creative-Cables components, accessories, light bulbs and flex

A creative tip for you: choose for your lamp holder a matching ceramic 7-hole ceiling rose kit.
