LED Golden Light Bulb Carbon Line Filament Cage Mini Globe G45 3,4W 300Lm E14 2700K Dimmable - C52

Description

Globe shape and reduced dimensions, here comes the C52, a top notch light bulb when it comes to string lights or table lamps. Its vertical filament - the thinnest on the market - has a distinct shape, much like the one found in traditional light bulbs.

Dimmable, with long lasting, ample light emission (15.000 hours for 20.000 on/off cycles). This light bulb radiates a warm, relaxing lighting which perfectly recreates the one seen in antique incandescent light bulbs. The 2700K colour temperature creates a cosy, bright atmosphere for a clear view of your surroundings.

Bebulbs, a brand that's always pushing the boundaries of design for charming, great-quality LED light bulbs, now presents the Carbon Line: a modern retake of the traditional incandescent light bulbs.

Data Sheet

Light bulb type: LED

Shape: Mini Globe

Fitting: E14

Diameter: 45 mm

Length: 80 mm

Volt: 220/240V
