LED Smoky Light Bulb Ghost Line Recessed Donut 120x90 6W 380Lm E27 1900K Dimmable - G13

Description

If you're looking for remarkable and impactful illumination, the G13 light bulb is the right choice for you thanks to its inverted ring shape and dreamy faceted lighting.

Light bulb characteristics

Far from being a simple light source, the G13 becomes a true design accessory that enhances the environment in which it is placed. The thin filament positioned along the edge diffuses a warm light (1900K) for an almost magical visual effect (380 Lm).

How and where should this bulb be employed?

Ring shape and smoky glass surface: the G12 light bulb is perfectly suited to be used individually or in series, to create stunning ceiling lamps or minimal wall lamps. This light bulb creates an ethereal atmosphere and adds refined elegance to any space, be it residential or commercial. Also perfect as centerpiece for elegant table lamps, it fits into all kinds of spaces, from residential settings to commercial ones like bars, shops, and restaurants.

What fitting does the G13 light bulb have?

The G13 bulb features an E27/recessed fitting, concealed within the glass, for an extraordinary decorative effect.

Is the G13 light bulb dimmable?

Of course! The G13 light bulb is dimmable, providing the flexibility to adjust brightness levels based on the occasion.

What type of technology powers the G13 light bulb?

The light bulb utilizes LED technology, allowing for significant energy savings compared to traditional incandescent bulbs. Furthermore, its operational lifespan exceeds 20,000 hours, reducing the need for frequent replacements. With a Colour Rendering Index (CRI) of 90, this bulb also ensures a sharp and detailed visual experience, contributing to the desired atmosphere in any space.
