LED Silver Half Sphere Globe Light Bulb G95 7W 650Lm E27 2700K Dimmable - A04

Description

In perfect balance between vintage aesthetics and LED innovation, the half-silver sphere bulb projects a rich and fascinating light, thanks to its transparent glass, enriched by an elegant silver finish on the upper part. For highly effective light games, without glare. Dedicated to those who seek an inviting and relaxing atmosphere in every space, this bulb projects a warm and adjustable light in intensity, perfect for sharing the latest gossip in front of a cocktail as well as for watching the latest episode of your favorite TV series on a soft sofa.

Data Sheet

Bulb type: LED
Shape: Globe
Socket: E27
Width: 95 mm
Length: 140 mm
Volt: 220/240 V

Watt: 7W
Energy class: F
Temperature: Warm light (2700 K)
Luminous flux: 650 Lm (equivalent to an old 60W bulb)
Bulb life: 15,000 hours
Dimmable: Yes

Our dimmable straight filament bulbs can work with all DIMMERS with trailing EDGE technology.

For the choice of the dimmer: in addition to the maximum power of the user, the minimum power must also be considered, since when the regulated power is lower than the minimum power on the plate, the user can "flicker" and/or damage.
