N° of cores:: 2x0.75

Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

This black and silver fabric covered Optical Vertigo braided lighting cable showcases a completely unique and mesmerising design that truly draws attention. The hypnotic styles were inspired by the artwork from the film of the same name by Alfred Hitchcock.

These Italian design cables are suited to creative designers, seeking to add a splash of colour and mystery to pendant and table lamps. This enthralling cable will add that extra special touch, to help to bring together your design and ensure it is truly unique.

The cables conform to all UK and EU standards.
