Cotton and Natural Jute Vertigo Textile Cable - The Original Creative-Cables - ERN07 round 2x0.75mm / 3x0.75mm

N° of cores:: 2x0.75

Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

The natural Vertigo braided lighting cable features a unique hawser jute and cotton, natural fabric covering. This Vertigo collection was inspired by the enthralling artwork from the classic film of the same name by the Alfred Hitchcock. We are the proud sole distributors of this collection, featuring a variety of stunning colours, styles, fabrics and metals.

Ideal for artistic, creative and trendsetting designers, who want to incorporate those unique and exciting finishing design touches to a room.

These cables are perfect for creating your own wall lighting features, table lamps or suspended lights. The rustic appearance of the natural jute and cotton fabric covered flex ensures this makes a wonderful statement in any room.

All Creative-Cables wiring is high-quality, flexible, and strong and conforms to all UK and EU standards.
