2-light pendant lamp with 675 mm rectangular XXL Rose-One, featuring
with fabric cable and Coppa lampshade

Decoration: Satin Copper Dibond

Light bulb: With bulb

Description

The new rectangular shape of Rose-One has inspired the design of this multi-light pendant lamp with Coppa lampshade. The Coppa ceramic lampshade from the Materia collection is handcrafted in Italy. Thanks to the craftsmanship, guaranteed by Made in Italy quality, each lampshade is truly totally unique.

The lamp is available in different combinations: the versions in concrete and Corten steel in combination with the brushed metal finishes will be perfect for industrial style interiors, while the white version will add a touch of elegance thanks to the appeal of ceramics.

Rose-One has side holes, allowing you to connect multiple lamps serially and create installations with a unique and surprising design! The lamp is installation-ready and may be purchased with Led bulbs incorporated. We have chosen the A60 Milky white glass Led bulb for you, but thanks to the E27 fitting, you can choose a matching bulb, customising the lamp to your taste!
