Fermaluce Color, the colorful porcelain wall or ceiling light source

Finish: Black

Light bulb: Without bulb

Description

Porcelain Color Fermaluce is the colorful version of our flush ligts.The timeless charm of porcelain is perfect to give a romantic touch.

A light source suitable both for walls and ceilings and matching perfectly any LED light bulb.

As all the Creative-Cables Ready to use products, Fermaluce has obtained the CE conformity certification through independent italian laboratories' tests.

Choose between the available finishes in order to best match the style of your interior. You can buy the Color Fermaluce with or without a light bulb: we have chosen the LED Drop A60 bulb for you, but you can alternatively have a look at our assortment of designer LED bulbs to find the one that best suits your style.
