Metal extension tube for pendant or table lamps

Length: 5 cm

Finish: Painted dark rust

Description

The metal extension tubes serve to creatively customise a ceiling or table lamp. Mounted next to a ceiling rose or metal lamp holder, they enhance a pendant lamp, while applied to a Posaluce they increase its overall Length and transform it into a sleek table lamp.

This accessory is available in 6 lengths from 5 to 30 cm and in all metallic finishes, polished or satin, from the Creative Cables component range.

The tube has an M10x1 thread for rods or cable clamps (NOT INCLUDED) at both ends.

Data Sheet
