Jute with Copper Wire Beige Textile Cable - The Original Creative-Cables - ERR04 Round 3x0.75mm

N° of cores:: 3x0.75

Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

This rustic and natural fabric covered Vertigo braided lighting cable is designed in Italy and takes inspiration from the hypnotic imagery of the classic Hitchcock film. The juxtaposition of the natural fabric and the bright copper ensures a truly unique product.

A truly unique product, this jute and copper fabric flex is ideal for making a statement with a natural finishing touch to the design of a room. From unique table lamps to pendants, and wall lighting, this versatile cable is the perfect choice for those who are passionate about design and dare to be different.

All Creative-Cables wiring is high-quality, flexible, and strong and conforms to all UK and EU standards.
