Fermaluce Modulair with L-shaped extension, Swing lampshade and lamp holder IP65 waterproof

Finish: Black

Light bulb: Without bulb

Description

Fermaluce Modulair with enamelled metal Swing lampshade is the ideal outdoor wall lamp for urban chic style lovers. Thanks to its shape, the Swing lampshade diffuses light throughout the room, exposing the EIVA line lamp holder: the world's first wire-able IP65 lamp holder Patented by EIVA, capable of withstanding rain and storms in complete safety.

Thanks to the IP65 rated protection and the quality of the Made in Italy components, this wall lamp will be perfect for decorating your outdoor spaces, such as a garden or a terrace in complete safety without having to worry about rain and storms.

Choose the finish of the components that best matches the palette of the interior you are decorating.

The Fermaluce Modulair wall lamp with Swing lampshade can be purchased without a bulb or already complete with a decorative Led Edison ST64 long filament bulb.

WARNING: The Modulair lamp holder is designed for glass LED light bulbs only and has been tested as compatible with the A60, ST64, G95 and G125 bulb shapes that guarantee rating of IP65 protection.
The compatibility range is being extended and is currently being tested.

Each Modulair lamp is designed, and assembled in Italy and is tested and CE certified by independent laboratories according to the strictest regulations in force: one more reason for choosing EIVA quality.
