Cylindrical metal 6-hole ceiling rose kit

Cable clamp: Cylindrical

Finish: Black

Description

The 6-hole rose metal kit can be used to assemble a ceiling or wall lamp that has 6 light sources. The rose is made out of metal and is available in 5 different colours, out of which three are satined

The 6-hole rose metal kit is perfect for you if:

- you need a suspension lamp with 6 lightbulbs
- you love metallic finishes

To set up and complete your 6-hole metal rose kit:

- use the menus to define their characteristics
- find out how to fasten the rose thanks to our tutorial

Additional pointer:

- match the 6-hole rose with 6 cables in the same metallic finish and mount them with our decentralizers with V-shaped

hook or lock
